

Sugam Choir

OFFICIAL ATTENDANCE RULES & USER MANUAL

Welcome to the Sugam Choir Digital Attendance System. This guide explains how to properly log your attendance, when the deadlines are, and how the penalty point system works. Please read carefully to ensure your records remain clear!

1. How to Fill Out the Form

Logging your attendance is designed to be quick and easy. Follow these steps when you open the attendance terminal:

1 Enter Your Symbol Number

Type in your unique ID. The system will automatically check the database and display your name. If your name appears, you are good to proceed.

2 Check Your Personal Stats

A dark panel will appear showing your current "Aggregate Points" and your standing status (Clear or FINE). This is your current record before today's submission.

3 Select Your Status

Choose either **"Present in choir practice"** or **"Absent in choir practice"**.

4 Provide a Reason (If Absent)

If you select "Absent", a text box will appear. You **must** write a brief reason for your absence.

5 Submit

Click the black "Confirm & Log Attendance" button. A toast notification will pop up confirming your submission was successful.

Important Note on Duplicates: You can only log your attendance **once** for a specific practice week. If you try to submit the form again for the same day, the system will ignore it. Your first submission is final.

2. Time Rules & Lateness

The system uses a highly accurate, tamper-proof clock locked to Nepal Standard Time (NPT).

- **On Time (0 Points):** You must submit the form indicating you are "Present" **before 9:51 AM**.
- **Late Penalty (1 Point):** If you submit the form indicating you are "Present" at exactly **9:51 AM or later**, the system will automatically assign you 1 penalty point for being late.

3. Absences & The Holiday Rule

We understand that missing practice is sometimes unavoidable. The system provides a monthly buffer based on the Nepali (Bikram Sambat) calendar.

The Free Holiday Credit: Every member is granted **one free absence credit per Nepali calendar month**.

- **First Absence:** Your first absence in a month consumes your free holiday credit. You will receive **0 penalty points**.
- **Subsequent Absences:** Once your free credit is used up, any additional absences in that same month (regardless of the reason) will result in **1 penalty point** per absence.

4. Weekly Deadlines & Automatic Penalties

It is your responsibility to fill out the form every week. If you forget, the system enforces strict deadlines and automatic penalties.

DAY / TIME (NPT)	SYSTEM ACTION & CONSEQUENCE
Saturday Practice	Ideal time to submit your form.
Saturday 11:30 PM	Reminder Sent. If you haven't filled the form by 23:30 (11:30 PM) on Saturday, the system emails you a reminder.
Sun, Mon, Tue, Wed	You can still fill out the form for the previous Saturday's practice.
Thursday 11:30 PM	HARD DEADLINE. The window closes. If you still have not submitted the form, the system permanently locks your record for the week and assigns you 1 penalty point .
Friday (All Day)	Blackout Day. The form is completely locked. You cannot submit attendance on Fridays.

Do not wait until Thursday! Submitting your form late in the week (e.g., Wednesday) for a Saturday practice doesn't bypass the lateness rule. You must be physically present and log in before 9:51 AM on Saturday to be marked on-time.

5. Choir Standings & The "FINE" Status

The system keeps a running total of your penalty points. You can view the live leaderboard at the bottom of the attendance portal.

- **Clear Status:** If your total penalty points are between 0 and 9, you are in good standing. Your name will appear with a green **Clear** badge.
- **FINE Status:** If your total penalty points reach **10 or more**, your row on the leaderboard will turn red, and you will receive a **FINE** badge. (Consult choir leadership regarding the consequences of reaching FINE status).
